Darwin Rifle Club BAPTAP

This is a 15 shot self handicap match with penalties. Nominate your handicap, add this to your off rifle score. If this number is equal to or less than the maximum score of 75 for Target Rifle or 90 for F-Class then that is your handicapped score.

If your score is higher than the maximum then your handicapped score is the maximum minus 2 x number over the maximum.

Examples:

Your handicap is 7 shooting Target Rifle. Your off rifle score is 67, your handicapped score is 74.

If your off rifle score was 70 then this would give a total of 77 which is two shots over, this would give you a handicapped score of 71 (75-2x2)
