**Darwin Rifle Club BAPTAP**

9th December 2017

**900 mtrs**

This is a 15 shot self handicap match with penalties

Nominate your handicap, add this to your off rifle score, if this number is equal to or less than the maximum score of 75 for Target Rifle or 90 for F-Class then that is your handicapped score. If your score is higher than the maximum then your handicapped score is the maximum minus 2 x number over the maximum. Example your handicap is 7 shooting Target Rifle, off rifle score is 67, your handicapped score 74. If your off rifle score was 70 then this would give a total of 77 which is two shots over, this would give you a handicapped score of 71 (75-2x2)

BAPTAP: Bring a prize take a prize.

## Target Rifle

Name	Handicap	Score	Break	Handicap Score
Angus Mitchell		7	68.6	75.6
